Areas of Business:

***Chiropractic Practice**

-Diagnosis and treatment of injuries resulting from: chronic use syndrome, sports injuries, auto accidents and work related injuries.

-Conditions treated but not limited to: low back pain, neck/shoulder pain, extremity pain and numbness, sciatica, carpal tunnel syndrome, headaches, indigestion and dizziness.

-Practice features: massage therapy, active and passive rehabilitation, computerized diagnostic testing and on site x-ray.

-Patient Type: adult, youth, geriatric and pediatric.

-Insurance & Financial: Practice accepts all insurance plans and is contracted with all major insurance carriers. Financial Motto: "We have never turned anyone away because of their financial situation...But we have turned people away for not making their health a priority."

Best Referral:

-Any individual looking to resolve any of the above mentioned conditions in a natural and healthy manor.

-Businesses who would like to host on site complimentary health screening and massages as a service to their employees.
