Best Referral:

Homeowners who are not do-it-yourselfers. Mid-upper income that are looking for unique designs and quality workmanship. People who have the money and the need for home renovations but not the time or inclination to do it themselves.

Empty Nesters changing the layout of the house for new living arrangements (Enlarging Master Bed/Bath Suite, finishing basement as play area for grandchildren or social space with friends).

Downsizers who have moved into a smaller home or townhouse. Basement finishing to make the most of the decreased space they are becoming accustomed to.

Expanding Families. Additions to the family (babies or parents moving in). Usually need an addition of a bedroom/office or more space for privacy (mother-in-law arrangement)
